LANGUAGES

- Portuguese: Native
- English: Intermediate

OBJECTIVE

To contribute to the development of efficient and innovative digital solutions by applying my technical knowledge, adopting good development practices, and maintaining a proactive attitude, with a focus on generating value for the company and continuously evolving as a professional.

EXPERIENCE

Compass UOL [Feb/2025] - Present
Intern - Open Finance Scholarship

Working in a dynamic and innovative environment focused on digital transformation and financial innovation. Studying blockchain, artificial intelligence, and Open Finance, as well as developing applications using JavaScript. Applying agile development practices, information security, and analyzing the impact of technologies in the financial sector.

CIEE-RS [Jun/2023] - [Jan/2025]
Trainee - Administrative Assistant

Performed contract drafting activities, communication with students, companies, and schools; job vacancy recruitment and execution of other administrative routines; participated in a weekly training session focused on the work environment.

DEPS Models [Feb/2024] - Present
Freelancer - Web Developer

I work on the development of web applications with a focus on front-end and occasional contributions to the back-end. Responsible for performance optimization and code quality assurance, with an emphasis on clean code. Work with agile methodologies for efficient and timely delivery.
