PROFESSIONAL SUMMARY

Full Stack Developer with experience in web applications, specializing in JavaScript, TypeScript, React/Next.js, and Node.js. Experienced in freelancer projects and innovation environments, applying Software Engineering best practices and Agile methodologies. Proficient in back-end development with PostgreSQL and Prisma ORM, Cloud Computing (AWS), and Docker. Focused on integrating AI solutions and Prompt Engineering to deliver high-performance code, responsive design (UI/UX), and business-aligned solutions.

EDUCATION

B.S. in Systems for the Internet *Instituto Federal Sul-rio-grandense (IFSul) – Charqueadas Campus* | Feb/2024 – Dec/2026

Technical Degree in Information Technology *Instituto Federal Sul-rio-grandense (IFSul) – Charqueadas Campus* | Feb/2020 – Dec/2023

PROFESSIONAL EXPERIENCE

Domvs IT – Dec/2025 – Present

IT, Cloud Solutions, and Consulting – Large Enterprise / Multinational

Software Development Intern – Dec/2025 - Present

- Full Stack Developer contributing to internal applications using .NET (Back-end) and React (Front-end).
- Active participation in the initial Software Development Lifecycle (SDLC) phases, including requirements analysis and UML modeling (Class and Sequence diagrams).
- Collaborating in Agile teams using Scrum, participating in daily meetings and sprint reviews.
- Improving code quality through Pair Programming sessions and code reviews.
- Leveraging Azure for sprint organization and workflow management, while pursuing AWS certifications.

DEPS Models – Feb/2024 - Nov/2025

Desenvolvimento de Software. Microempresa

Freelancer: Full Stack Developer – Mar/2025 - Nov/2025

- Developed complete web applications using Node.js and TypeScript, ensuring performance and code quality.
- Implemented back-end logic and managed database communication (PostgreSQL) using Prisma ORM.
- Conducted client negotiations to align expectations and ensure solutions met business needs.
- Optimized workflows by applying Agile methodologies (Scrum/Kanban).

Freelancer: Front-end Developer – Feb/2024 - Mar/2025

- Developed code focused on UI/UX, ensuring responsive design and performance using HTML5, CSS3, Tailwind, and React/Next.js.

Compass UOL - Feb/2025 - Jul/2025

IT, Cloud Computing, and Digital Transformation – Large Enterprise / Multinational

Scholarship: Open Finance Intern – Feb/2025 - Jul/2025

- Immersed in Open Finance, financial innovation, and information security.
- Studied and applied emerging technologies, including Cloud Computing (AWS), AI, and Blockchain.
- Developed a team project for Open Finance using JavaScript, Node.js, and MVC architecture.
- Managed projects with Scrum/Kanban, Git/GitHub, and Docker containerization.
- Earned AWS Certified Cloud Practitioner certification.

CIEE-RS - Jun/2023 - Jan/2025

Education and Human Resources – Large Institution

Administrative Apprentice – Jun/2023 - Jan/2025

- Optimized support and recruitment processes and improved time management and organization.

COURSES & CERTIFICATIONS

- **AWS Certified Cloud Practitioner** – Amazon Web Services (July 2025)

PROJECTS

Corporate Management System – Proki (Aug/2025 – Dec/2025)

Internal solution for managing consultants and projects. Features automated financial reporting (PDF/Excel). Developed with a focus on complex business rules and data security.
